2,500 square feet

Plan Description

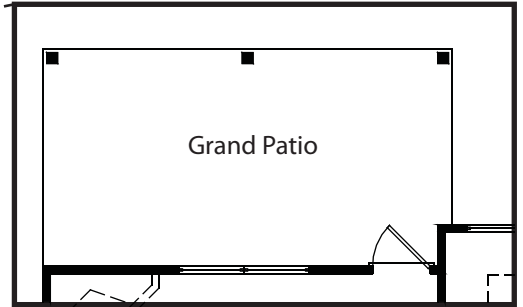

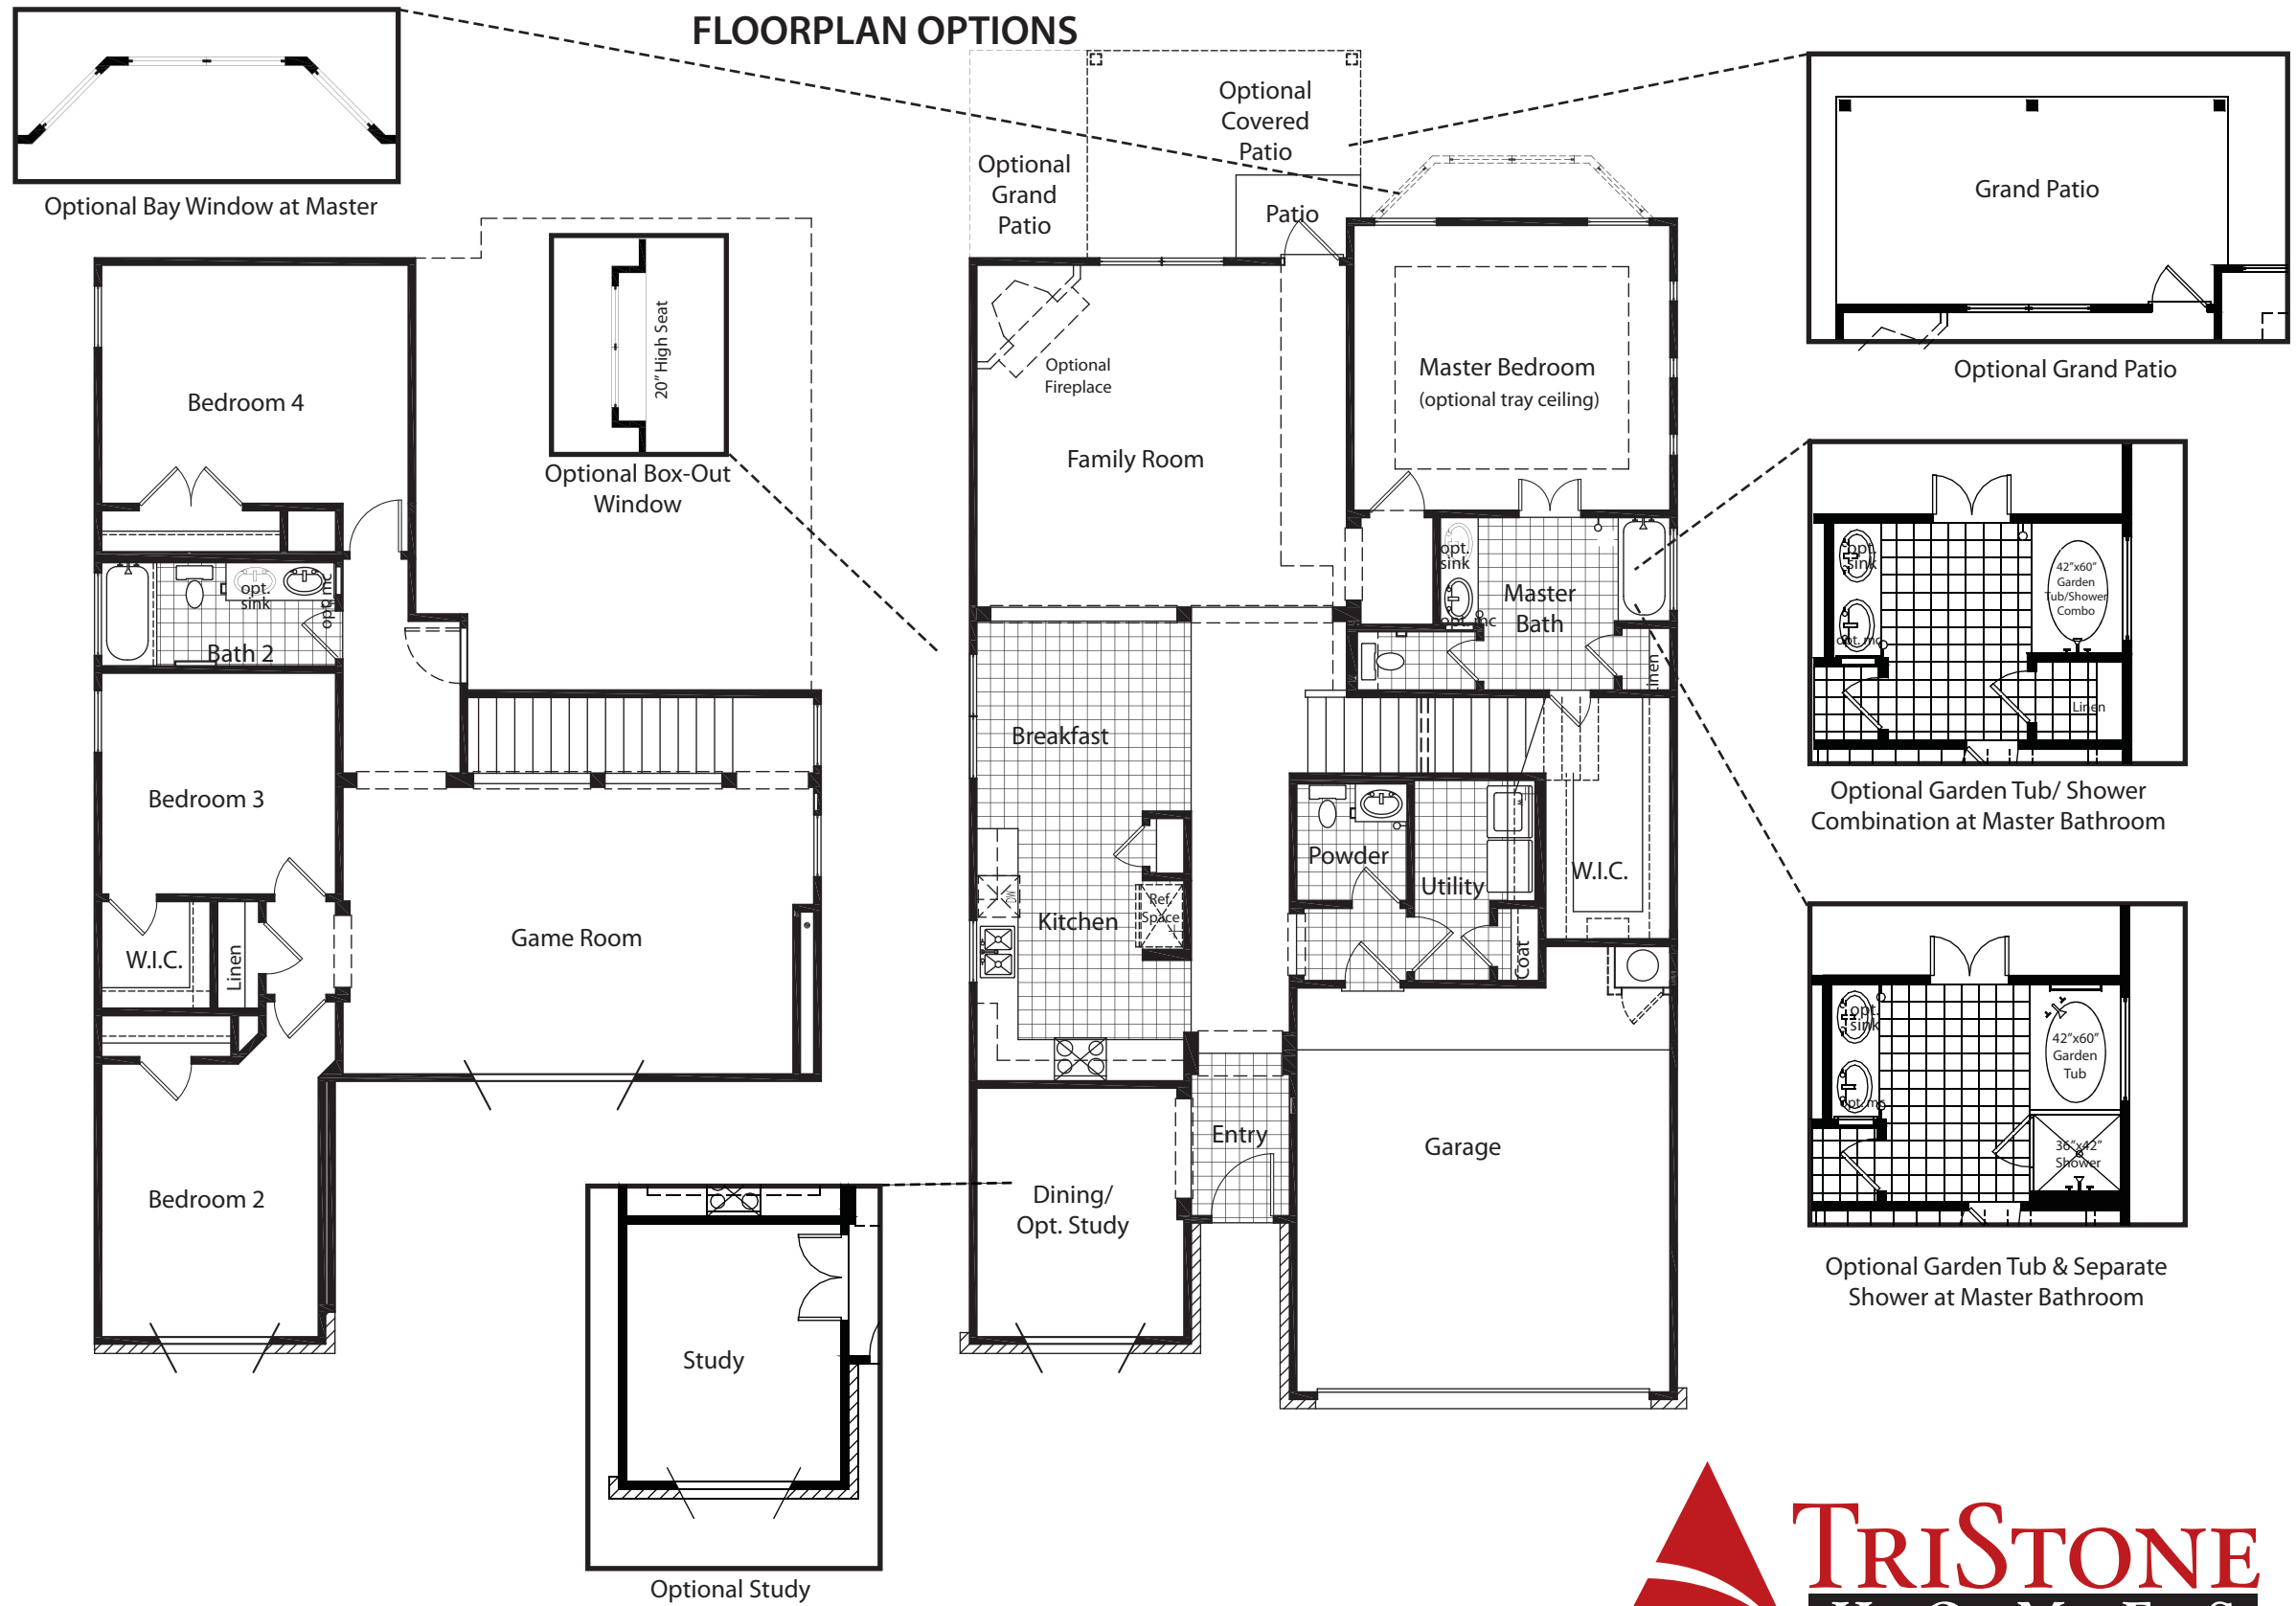

2500 square feet in this home encompasses 4 bedrooms, 2 ½ baths, oversized game room and 2 car garage. This home has the master suite downstairs with a great walk-in closet. The formal dining area options as a study. The kitchen and breakfast areas are open to the family room with elegant arched openings. As you enter the home from the garage the powder room and utility room are positioned for your convenience. The game room upstairs is large enough to meet the needs of every game enthusiast. The secondary bedrooms are also well proportioned for children of all ages as well as guests.

Like having a home builder in the family.
